

Hundehilfe Russland

We need your help!

We, the Hundehilfe Russland e.V., overseeing the animal shelter of Vyborg, Oblast Leningrad, want to build a new shelter for the puppies for that institution!

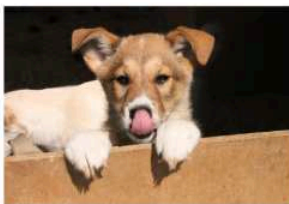

The existing premises is outdated, has lots of damage due to harsh weather conditions and years of overuse.

Unfortunately our youngest puppies are forced to live in unheated provisional shelters .

Each year up to 100 puppies are abandoned in front of the shelter entrance. Most of them are suffering from severe hypothermia, many of them already frozen to death. In the fall a lot of citizens of St. Petersburg abandon the puppies, they had bought for their children the summer before, in the woods of Vyborg. Irina, our director of the animal shelter, is driving into the woods on a regular basis, looking for these puppies, which are tied to trees to pick them up, so they don't perish.

To provide these dogs with a preliminary home and thus a chance to get a better life, we urgently need this new shelter for the puppies.

A property of almost 900 square meter is available, the required planning permission exists. The puppy house is located in marshland and because of that, it has to be paved. The puppies also should be able to blossom within a pack. Furthermore the puppy shelter shall get a surgery room, a kitchen, storage and sanitary facilities. In addition to that, the property has to be fenced in.

We are planning to start the construction for the new puppy home in May 2013 – by then we need to have collected donations in the amount of approximate 25.000 Euro.

Please help us reach 'our goal' and donate to this wonderful project !

Donation account of Hundehilfe Russland:

Reason for payment: Welpenhaus Vyborg

**Hundehilfe-Russland
Commerzbank AG Aachen**

**IBAN: DE 11 390400130 123542300
BIC: COBADEFFXXX**

**Paypal:
